PAGE 1 / 1

Pursuant to the inquiry of the Commission, this committee has engaged in its best efforts to obtain the identification information of its donors. First, solicitations made on all online donation pages include a clear and conspicuous request for contributor information and inform the contributor of the requirements of federal law for the reporting of such information. This information is now required to complete donations. See <https://transaxt.com/Donate/7TBFFX/DonatetoWesternRepresentationPAC/> Second, for online contributors who did not provide such information or used non-compliant answers, at least one email was sent requesting they provide that information through an online page that clearly asks for the missing information, without soliciting a contribution, and informs the contributor of the requirements of federal law for the reporting of such information. Third, for contributors who chose to mail checks (this Committee does not solicit contributions other than through emails directing to its website) without the information, we made at least one follow-up, stand alone effort to obtain this information through the mail clearly asking for the missing information, without soliciting a contribution, informing the contributor of the requirements of federal law for the reporting of such information, and included a pre-addressed post card or return envelope as well as a URL to provide the information online. This Committee is continuing to update and merge duplicate entries in the individuals and organizations' tab of FEC File, a process that takes in excess of 10 minutes per merge, and which itself will resolve numerous missing identification issues. Once this is completed, the Committee will be able to amend its prior reports.
